

Welcome to your Gender Genie Conception Plan

Our expertly designed system has generated your custom conception plan that outlines the best times for conception.

Your conception plan monthly overview based on:

Mother's Date of Birth: 11 Sep 1996

Father's Date of Birth: 6 Apr 1995

Congratulations!

You've made a wise and deeply meaningful choice to take control of your family planning journey. This plan isn't just information - it's a powerful tool designed to help you conceive the baby you've been dreaming of.

Your plan in a nutshell:

This plan provides a month-by-month outlook on the probability of conceiving a boy or a girl over a four-year period. It reveals a fluctuating pattern, with the likelihood of conceiving a boy generally higher in the earlier and later months of the plan, and the likelihood of conceiving a girl being higher in the middle. The plan indicates a period where the chances of conceiving either sex shift dramatically.

Looking at the individual months, September 2029 shows the highest percentage for conceiving a boy at 97 percent. Conversely, April 2027 shows the highest percentage for conceiving a girl at 99 percent.

Summary:

Highest Boy Percentage: September 2029

Highest Girl Percentage: April 2027
